Ensuring Mission Success

Business Focus: **EdgeWorks, Inc.**—Founded in 2001, a Veteran-Owned Small Business (VOSB) focused on ensuring mission success, specializing in: Strategy Formulation & Execution; Information/Intelligence Sharing; Program/ Project/Portfolio Management; Business Case & Financial Development & Analysis; Business Process Re-engineering; Cybersecurity; Nanotechnology; and I.T. Systems Integration for customers demanding the highest standards for which failure is not an option.

Mission: EdgeWorks, Inc. is a highly respected strategy/operationally-focused firm for highly skilled innovative strategy and cutting edge technology consultants and long-term contractors for its government and corporate clients. This status will be maintained by continually forming trusted advisor and preferred provider partnerships with government agencies and teammates and by maintaining a highly qualified staff. At EdgeWorks, Inc., we never forget that our customers' continual mission accomplishment is our key objective and will work outside the box employing creative approaches to ensure the most effective approaches are discovered and implemented throughout the conceptual, requirements definition, analysis, funding, operational, maintenance, and paradigm-shifting evolution/divestiture phases of program life cycles. Minimal overhead and administrative costs and increased flexibility are client benefits. Employees' continuing education, certifications, and communication skills are a hallmark of our services; a matrixed approach to knowledge management is our core competency. Employees are encouraged to exchange information with one another in real-time, thereby applying a synergistic approach where the whole is much greater than the sum of its parts. Confidential and proprietary information is kept in the strictest confidence.

Products/Services: Leadership and support in:

- Strategy
 - Strategy Formulation & Execution
 - Information/Intelligence Sharing
 - International Ventures
- Program/Project/Portfolio Management
 - Business Case & Financial Development & Analysis
